

International Exhibition
Design & Construction

SERVING THE WORLDWIDE EXHIBITION INDUSTRY FOR

over
30
years

All designs are protected by copyright & must not be copied or imitated without written consent of Interlink Design & Display

WHY USE INTERLINK DESIGN & DISPLAY?

IN HOUSE EXHIBITION DESIGNERS

Talented designers working closely with clients from initial design concepts right through to finalised projects, using the latest technical & 3D visualisation software.

CONSTRUCTION & INSTALLATION

In-house construction using the latest production machinery, operated by skilled craftsmen & technicians within premises consisting of 25,000 sq ft. All In house, under one roof, working on your project.

IN HOUSE GRAPHICS

Printing facilities producing exhibition graphics & signage. Graphic files accepted in any format for printing, logos, panels, pop-ups and all manner of signage.

FLOORING, DECORATION & LIGHTING

Bespoke counters, display & storage solutions designed & constructed in-house. Hire furniture, vinyl & laminate flooring options, sourcing of decorative items for that extra detail. Modern up to date lighting from LED, halide and traditional illumination.

CENTRALLY LOCATED IN THE UK

In the heart of the Midlands, a stone's throw from the UK's premier exhibition centre, NEC Birmingham, yet right on the doorstep of the Midlands motorway network ideally places us for speedy access to all UK venues and beyond....

IN HOUSE TRANSPORT & STORAGE

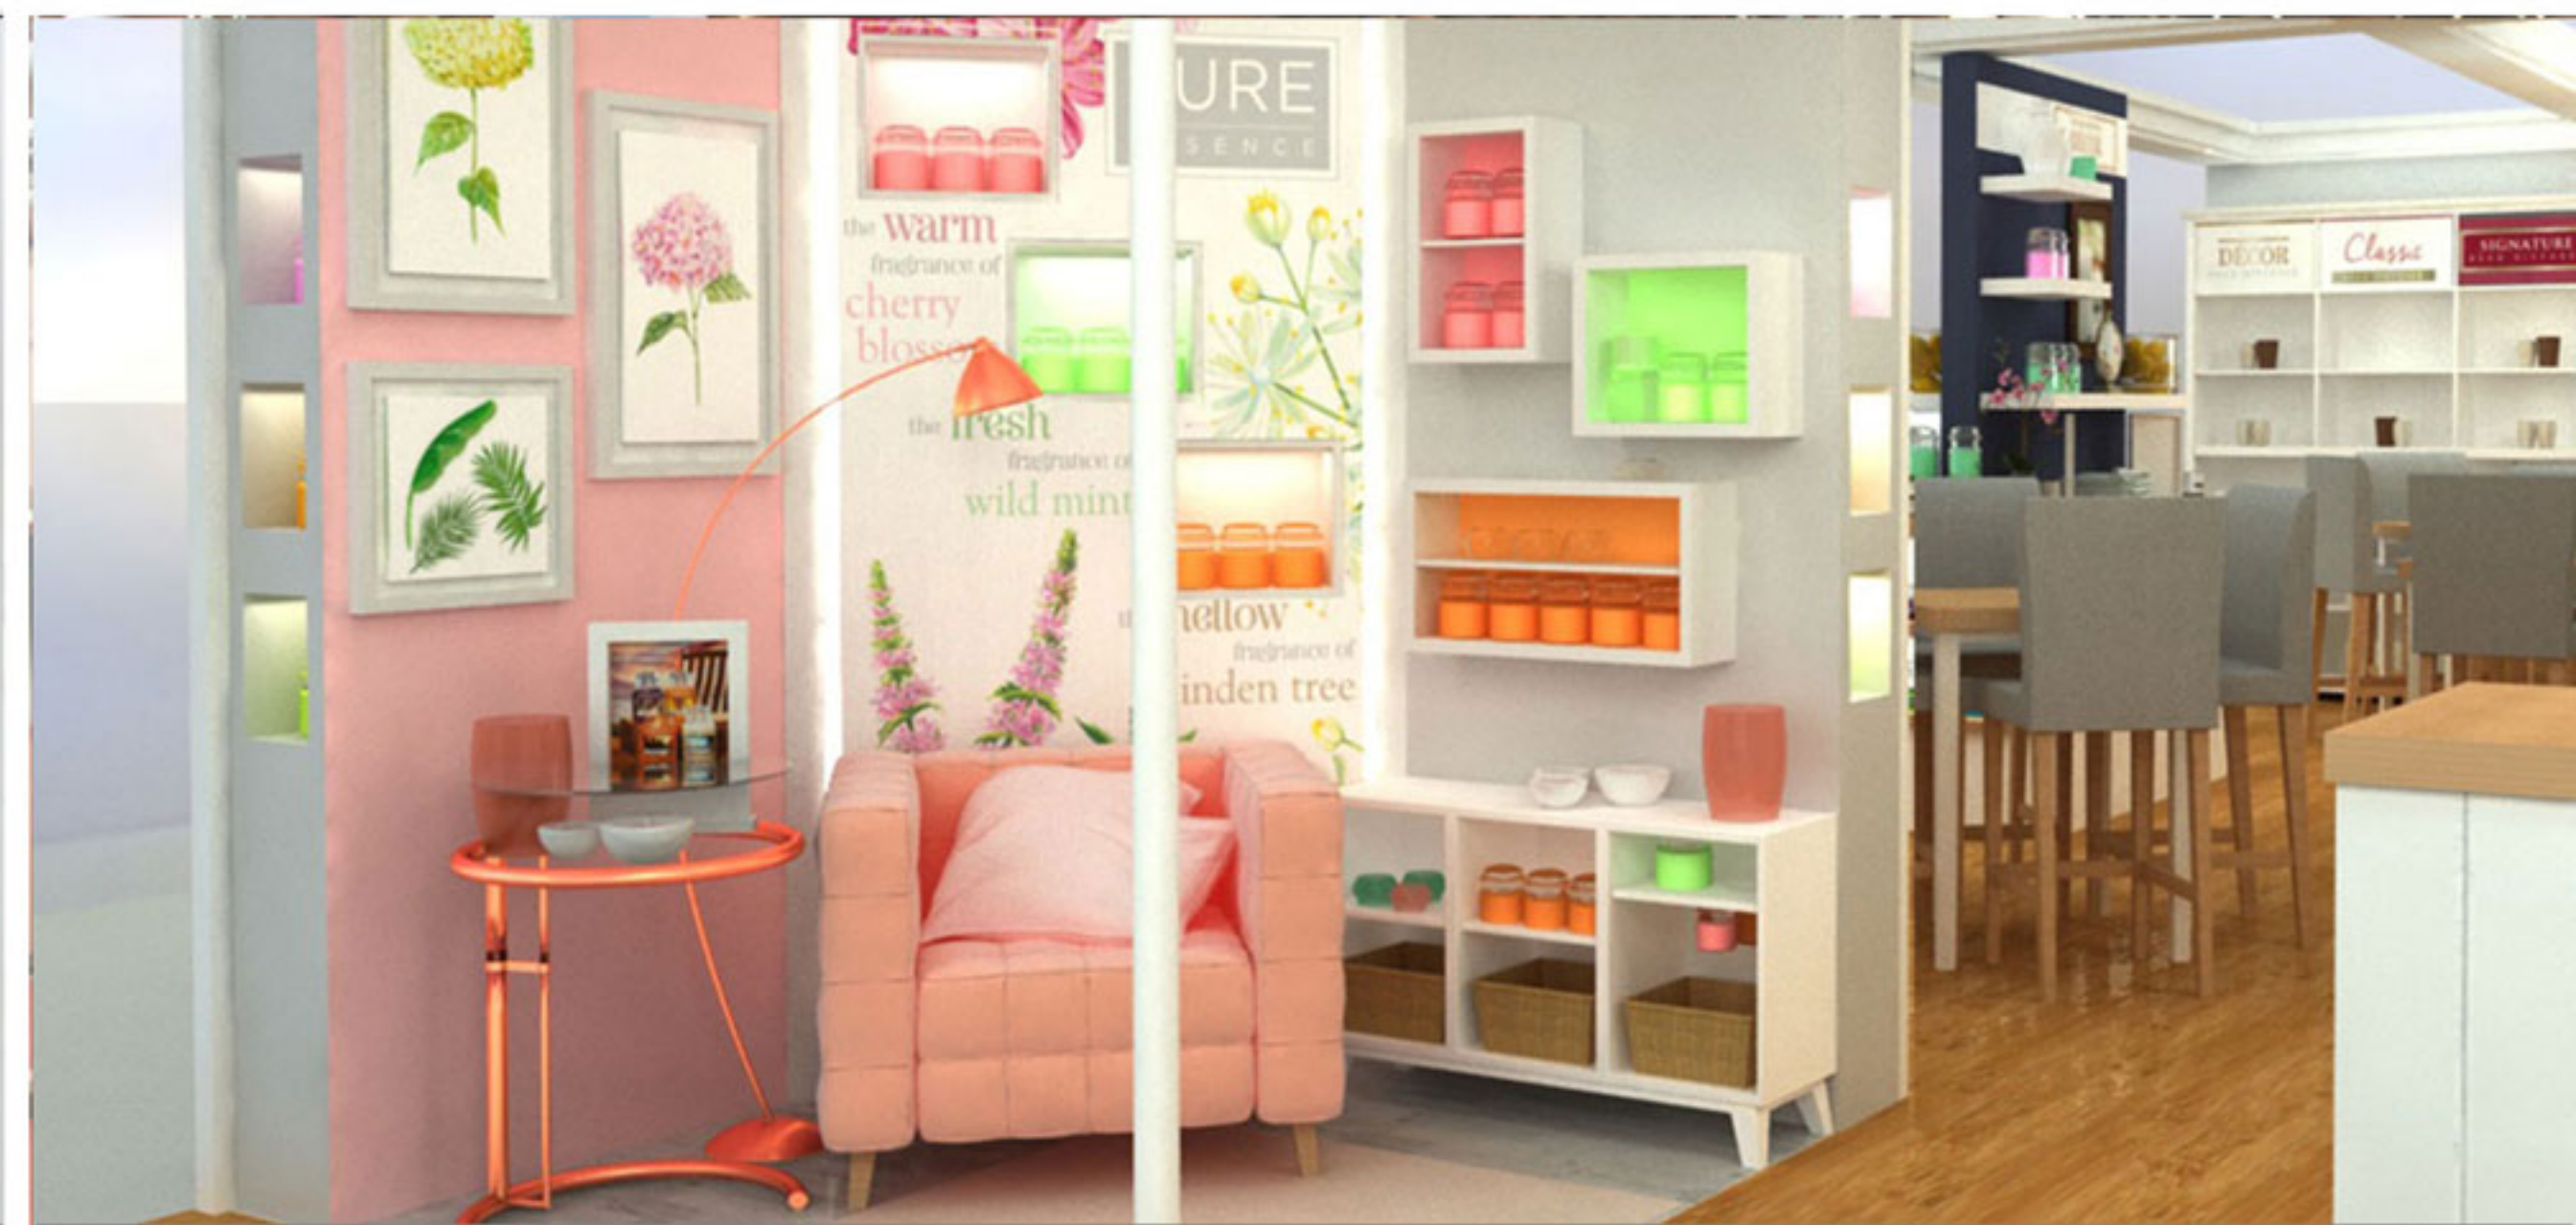

Careful and considered dismantling of exhibition stands. Components stored away for potential re-use, economical & cost effective re-utilisation of stands. In house transport fleet ensures your project is in safe hands, delivered on time, every time.

SOME OF OUR PROJECTS

We pride ourselves in transforming our visual concepts into reality.
